**Our History**  
**Beavercreek Chamber History**  
 The Beavercreek Chamber of Commerce was formed in 1966 when a group of 65 local businesses had the vision and foresight to anticipate the future growth of business in the area. The Chamber has always been involved in community projects and activities, continuing to honor its founders by promoting both the civic and commercial progress of our community. The Chamber presents two of the highest annual community awards, the E.G. Shaw Award for distinguished citizenship and the Outstanding Businessperson of the Year for local business and community distinction. From its small beginning, the membership continues its mission of "Linking Business with Community".  
**City of Beavercreek History**  
 The Beavercreek community began rapid development in the early 1950's when many families began to move to the suburbs. A large portion of the township was incorporated as the Municipality of Beavercreek in July 1979, and became the City of Beavercreek in 1980. Today, The City of Beavercreek is a little more than 27 square miles (52 square miles city and township) in area and has a population of approximately 47,000. Over 1,000 businesses and several light industries provide services and employment including two major shopping areas, a hospital and many defense or technology related businesses.  
 Due to its proximity to Wright Patterson Air Force Base and Wright University, the City of Beavercreek has become one of the most active communities in the Dayton region in terms of commercial and business growth along with housing growth in Beavercreek Township.  
 The Beavercreek community has an excellent award-winning public-school system, one of the leading districts in the state. The tradition of excellence of the Beavercreek City School System is known throughout the Miami Valley and around the country.  
**Beavercreek Township History**  
 Beavercreek Township was established in 1803 and is one of the original four townships in this section of the state, which extended as far north as Lake Erie. Today, Beavercreek Township is a little more than 50 square miles in area that include the City of Beavercreek, parts of Fairborn and Wright Patterson Air Force Base. The Beavercreek Township Fire Department, which was established in 1946 continues to serve the City and Township to this day. Beavercreek Township is an attractive destination that invites both residential and commercial development as a means for growing our economic base while providing residents a safe community in which to live and thrive. The Township works to maintain the image of a classic "bedroom community", where residents feel the comforts of home.
