TWO RIVERS PUBLIC SCHOOLS

The Two Rivers Public School District, located on the scenic shores of Lake Michigan, has an enrollment of nearly 1,800 students and is comprised of two elementary schools, one middle school and one high school. In November 2022, district residents passed a \$38.7 million referendum to renovate and expand classrooms and the cafeteria, add a two-story gym and fifth grade classrooms, add a new technology education classroom, and add additional parking at L.B. Clarke Middle School. Districtwide improvements include enhanced building security, updated building systems and technology access, and renovations to the elementary and middle school playgrounds. We invite all new residents to take a tour of our beautiful facilities and check out the options that Two Rivers has to offer.
